BLUEGRASS CLAIMS  
VOL. 11 ISSUE 1  
JANUARY 2021

## PRESIDENT'S LETTER

This newsletter would have been a lot easier to write on the 1st instead of today. This is not a political group and I know we have multiple sides represented. With that said, the events that took place this week are a complete embarrassment to this country. I hope that I can get everyone to join me and stand for the democratic process that has ran this country since its birth. We need to stop hating one another for having different ideas than our own. We need to work together, stand strong, and love each other. Violence is not the answer and will never be the answer. Ideas that cannot stand on their own merit and make us resort to violence are dangerous ideas. Please be smart, keep an open mind, and always think of safe solutions. These are also traits that you should be living your life and your job by. When we come to a disagreement with an attorney or contractor or vice versa. We do not threaten them; we try and find common ground and come to a common sense solution. That is all I am going to say about the situation but I did feel that it needed to be addressed.

On to a better and brighter future. This year has already started a little bumpy but I have faith we will be able to make it through. I hope that everyone had a great and fantastic Christmas and New Year. I know that I am very glad 2020 is over with. I think this year 2021 started off on a low note but that allows us to only go up from here. I know we have big plans set for this year. If this virus gets cleaned up we will be back on track to have all of our normal events like the golf outing and Christmas party. I am looking forward to seeing everyone and cannot wait for life to get back to normal.

At this time we have no plans to have in person meetings until restrictions are lifted. The board and I are working together to see what other options we have to keep you entertained until then. If you have any ideas please feel free to reach out to one of the board members and let us know. We are open to suggestions.

We are so close to beating this virus and getting our lives back on track. I hope that you and your families stay safe. We will beat this thing together. Who knows, maybe after all this is over we can have a mask burning party. Until then, lets keep washing our hands and wearing our mask when required. We are so close and I cannot wait to see you all again. Stay Safe!

Sincerely,  
Adam Weintraut  
BGCA President

2021  
happy new year
